PROXIES

Solicitation of Proxies

This management information circular and proxy statement (the "Management Proxy Circular") is furnished in connection with the solicitation of proxies by the management of AeroMechanical Services Ltd. (the "Corporation") for use at the Annual & Special Meeting of the holders (the "Shareholders") of common shares (the "Common Shares") of the Corporation to be held at 2:00 p.m. (Calgary time) on June 2, 2011, at 200W, 1144 – 29th Avenue NE, Calgary, Alberta and at any adjournment thereof (the "Meeting"), for the purposes set forth in the Notice of Meeting accompanying this Management Proxy Circular. Solicitation of proxies will be primarily by mail, but may also be undertaken by way of telephone, facsimile or oral communication by the directors, officers and regular employees of the Corporation, at no additional compensation. Costs associated with the solicitation of proxies will be borne by the Corporation.

Appointment of Proxyholders

Accompanying this Management Proxy Circular is an instrument of proxy for use at the Meeting. Shareholders who are unable to attend the Meeting in person and wish to be represented by proxy are required to date and sign the enclosed instrument of proxy and return it in the enclosed return envelope. **All properly executed instruments of proxy for Shareholders must be mailed so as to reach or be deposited at the offices of Valiant Trust Company, 600, 750 Cambie Street, Vancouver, BC V6B 0A2 not later than 48 hours (excluding Saturdays, Sundays and statutory holidays) prior to the time set for the Meeting or any adjournment thereof.**

The persons designated in the instrument of proxy are officers and/or directors of the Corporation. **A Shareholder has the right to appoint a person (who need not be a Shareholder) other than the persons designated in the accompanying instrument of proxy, to attend at and represent the Shareholder at the Meeting.** To exercise this right, a Shareholder should insert the name of the designated representative in the blank space provided on the instrument of proxy and strike out the names of management's nominees. Alternatively, a Shareholder may complete another appropriate instrument of proxy.

Signing of Proxy

The instrument of proxy must be signed by the Shareholder or the Shareholder's duly appointed attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by a duly authorized officer or attorney of the corporation. An instrument of proxy signed by a person acting as attorney or in some other representative capacity (including a representative of a corporate Shareholder) should indicate that person's capacity (following his or her signature) and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless such instrument has previously been filed with the Corporation).

Revocability of Proxies

A Shareholder who has submitted an instrument of proxy may revoke it at any time prior to the exercise thereof. In addition to any manner permitted by law, a proxy may be revoked by instrument in writing

executed by the Shareholder or by his or her duly authorized attorney or, if the Shareholder is a corporation, under its corporate seal or executed by a duly authorized officer or attorney of the corporation and deposited either: (i) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournments thereof, at which the instrument of proxy is to be used; or (ii) with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof. In addition, an instrument of proxy may be revoked: (i) by the Shareholder personally attending the Meeting and voting the securities represented thereby or, if the Shareholder is a corporation, by a duly authorized representative of the corporation attending at the Meeting and voting such securities; or (ii) in any other manner permitted by law.

Voting of Proxies and Exercise of Discretion by Proxyholders

All Common Shares represented at the Meeting by properly executed proxies will be voted on any ballot that may be called for and, where a choice with respect to any matter to be acted upon has been specified in the instrument of proxy, the Common Shares represented by the instrument of proxy will be voted in accordance with such instructions. The management designees named in the accompanying instrument of proxy will vote or withhold from voting the Common Shares in respect of which they are appointed in accordance with the direction of the Shareholder appointing him or her on any ballot that may be called for at the Meeting. **In the absence of such direction, such Common Shares will be voted "FOR" the proposed resolutions at the Meetings. The accompanying instrument of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to the matters identified in the accompanying Notice and with respect to other matters that may properly be brought before the Meeting.** In the event that amendments or variations to matters identified in the Notice are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the management designees to vote in accordance with their best judgment on such matters or business. At the time of printing this Management Proxy Circular, the management of the Corporation knows of no such amendment, variation or other matter to come before the Meeting other than the matters referred to in the accompanying Notice.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED ON

Except as disclosed in this Management Proxy Circular, none of the directors or executive officers of the Corporation at any time since the beginning of the Corporation's last financial year, nor any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise in any matter to be acted on, other than the election of directors or the appointment of auditors.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

Voting of Common Shares – General

The record date for the determination of Shareholders entitled to receive notice of and to vote at the Meeting is April 25, 2011 (the "Record Date"). Only Shareholders whose names are entered in the Corporation's register of shareholders at the close of business on that date and holders of Common Shares issued by the Corporation after such date and prior to the Meeting will be entitled to receive notice of and to vote at the Meeting, provided that, to the extent that: (i) a registered Shareholder has transferred the ownership of any Common Shares subsequent to the Record Date; and (ii) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares and demands, not later than ten days before the Meeting, that his or her name be included on the Shareholder list before the Meeting, in which case the transferee shall be entitled to vote his or her Common Shares at the Meeting.

The Corporation is authorized to issue an unlimited number of Common Shares without par value and an unlimited number of Preferred Shares. On the Record Date, of the Corporation's authorized Common Shares, 118,630,466 Common Shares were issued and outstanding as fully paid and non-assessable and no other shares were outstanding.

Voting of Common Shares – Advice to Non-Registered Holders

Only registered holders of Common Shares, or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. However, in many cases, Common Shares beneficially owned by a holder (a "Non-Registered Holder") are registered either:

- (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the Common Shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited or "CDS").

In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has distributed copies of the Notice, this Management Proxy Circular and the instrument of proxy (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward meeting materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Typically, Intermediaries will use a service company (such as ADP Investor Communications ("ADP")) to forward meeting materials to Non-Registered Holders.

Generally, Non-Registered Holders who have not waived the right to receive meeting materials will:

- (a) have received as part of the Meeting Materials a voting instruction form which must be completed, signed and delivered by the Non-Registered Holder in accordance with the directions on the voting instruction form; voting instruction forms sent by ADP permit the completion of the voting instruction form by telephone or through the Internet at www.proxyvotecanada.com; or
- (b) less typically, be given a proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Holder but which is otherwise uncompleted. This form of proxy need not be signed by the Non-Registered Holder. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and deposit it with Valiant Trust Company at the address referred to above.

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Holder wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons named in the proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies.**

Only registered Shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must in sufficient time in advance of the Meeting, arrange for their respective

Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set above.

Principal Holders of Common Shares

To the knowledge of the directors and senior officers of the Corporation, as at the date hereof, no persons or companies other than intermediaries or registered dealers acting as agent, beneficially own, directly or indirectly, or exercise control or direction over more than 10% of the votes attached to the Common Shares of the Corporation.

Quorum

Pursuant to the by-laws of the Corporation, a quorum of Shareholders is present at the Meeting irrespective of the number of persons actually present if two Shareholders or duly appointed proxyholders are present in person, each being a shareholder entitled to vote at the Meeting. Pursuant to the *Canada Business Corporations Act* and the by-laws, if a quorum is present at the opening of the Meeting, the Shareholders present may proceed with the business of the Meeting notwithstanding that a quorum is not present throughout the Meeting. If a quorum is not present at the opening of the Meeting, the Shareholders present may adjourn the Meeting to a fixed time and place but may not transact any other business.

STATEMENT OF EXECUTIVE COMPENSATION

Summary Compensation Table

Executive Compensation is required to be disclosed for each Chief Executive Officer (or individual who served in a similar capacity during the most recently completed financial year), each Chief Financial Officer (or individual who served in a similar capacity during the most recently completed financial year), each of the three most highly compensated executive officers (other than the Chief Executive Officer and the Chief Financial Officer) who were serving as executive officers at the end of the most recently completed fiscal year (or three most highly compensated individuals) and whose total compensation was, individually, more than \$150,000 (the "Named Executive Officers"). The Named Executive Officers of the Corporation are William Tempany, Chief Executive and Chairman, Richard Hayden, President, Thomas R. French, VP Finance and Chief Financial Officer, Matthew Bradley, VP Business Development, and Derek Taylor, Sales Director. There were no other Named Executive Officers in 2010, as no other employees earned in excess of \$150,000 in 2010. Compensation of the Named Executive Officers of the Corporation is reviewed annually by the compensation committee (the "Compensation Committee") and is subsequently approved by the board of directors of the Corporation based on the recommendation of the Compensation Committee. During the most recently completed financial year, the members of the Compensation Committee were Douglas Marlin, Jack Olcott and Michael Brown, of whom Douglas Marlin and Michael Brown are considered to be independent directors. The compensation of the Corporation's Named Executive Officers consists principally of a base salary and variable compensation, if any. In the case of Mr. Hayden and Mr. Taylor, additional components, performance based and deferred compensation (deferred compensation relates only to Mr. Hayden) has been added. Named Executive Officers are also eligible to participate in the Corporation's stock option plan (the "Stock Option Plan") as described herein.

The board of directors of the Corporation and the Compensation Committee's objective in setting compensation levels is that the aggregate compensation received by Named Executive Officers be generally competitive with the compensation received by persons with similar qualifications and responsibilities who are employed by other companies of corresponding size and stage of development. In setting such levels, the board and the Compensation Committee rely primarily on their own experience and knowledge.

Compensation provided to Named Executive Officers consists of two principal components: (1) base salaries and variable compensation; and (2) options granted pursuant to the Corporation's Stock Option Plan. In the case of Mr. Hayden and Mr. Taylor, a third component, performance based and deferred compensation (relates only to Mr. Hayden) has been added.

Base Salaries and Variable Compensation – The Corporation's view of base salaries is that they should be competitive with industry peers, to the extent that can be determined, and with other public companies at similar stages of development and having similar assets, number of employees, market capitalization and profit margin. Employment agreements entered into with Named Executive Officers also provide that the salary is subject to normal periodic review on or about the anniversary date of any employment agreement. In addition to the salary, the board of directors of the Corporation may from time to time pay a variable compensation to Named Executive Officers for either the accomplishment of specific performance criteria or for exceptional performance.

Options – Pursuant to the Corporation's Stock Option Plan, the board of directors of the Corporation, at its discretion, determines all grants of stock options to Named Executive Officers. Such grants are considered incentives intended to align the Named Executive Officers' and Shareholders' interests in the long term. The Corporation emphasizes stock options in executive compensation as they allow the Named Executive Officers to share in corporate results in a manner that is relatively cost-effective despite the effects of treating stock options as a compensation expense. The Compensation Committee provides recommendations to the board of directors with respect to option grants to Named Executive Officers.

Performance Based and Deferred Compensation – Mr. Hayden's employment agreement contains additional compensation terms in addition to base salary compensation. The Compensation Committee and the Corporation deemed it necessary to include this compensation component in his employment agreement in order to attract a senior aviation executive and reflect the Corporation's inability to provide an incentive package commensurate with the skills required. Mr. Taylor receives a commission on the sales of the Corporation directly attributable to him.

The Corporation has entered into management agreements with each of Messrs. Tempny and Hayden which set forth the terms of their compensation. These agreements are reviewed by the Compensation Committee on an annual basis.

The Corporation has entered into a letter of employment with Mr. French.

The Corporation has entered into a letter of employment with Mr. Bradley.

The Corporation has entered into an employment contract with Mr. Taylor.

Compensation of William Tempny, Chief Executive Officer for 2010

William Tempny, Chief Executive Officer and Chairman, entered into a management agreement with the Corporation effective January 1, 2005, which governs the terms of his employment with the Corporation. Mr. Tempny's employment agreement provides for gross annual remuneration of no less than CDN\$144,000 (and thereafter such increased amount as the board of directors approve (\$192,000 in 2010)) and such benefits as the Corporation may offer to its officers and employees from time to time. These benefits include basic life and disability insurance, health and dental coverage and a health care spending account to a maximum of CDN\$5,000 per year. Mr. Tempny is also entitled to receive such additional remuneration, by way of variable compensation or otherwise, as the board of directors may approve, to fairly compensate him for any exceptional performance in discharging the duties and responsibilities of his office. Variable compensation of \$50,000 was awarded to Mr. Tempny in 2010 based on his achievement of individual objectives during 2009. Mr. Tempny's employment agreement is for an indefinite term, and may be terminated by the Corporation upon a resolution of the board of directors being passed by no less than two-thirds of the board of directors of the Corporation or by Mr.

Tempany on not less than 90 days' notice to the Corporation (except where it relates to a change of control or constructive dismissal). In the event that Mr. Tempany's employment is terminated with or without cause by the Corporation, then Mr. Tempany shall be entitled to certain additional payments (see "*Statement of Executive Compensation – Termination and Change of Control Benefits*" herein). In the event of any such termination, for any reason, any unvested stock options held by Mr. Tempany would expire and terminate, and any vested options would have to be exercised within a specified period of time. Pursuant to his employment agreement, Mr. Tempany has agreed to not compete with the Corporation for a period of twelve months from the date of the termination of employment, subject to the term that if the Corporation wishes to impose any non-compete restrictions on Mr. Tempany for a period up to 12 months, then the Corporation agrees to pay Mr. Tempany an amount equal to Mr. Tempany's then current monthly salary for each month that the restrictive covenant is to be in effect. For a summary of compensation paid to Mr. Tempany in respect of the year ended December 31, 2010, please refer to the *Summary Compensation Table* below.

Compensation of Richard Hayden, President for 2010

Richard Hayden, President, entered into a management agreement with the Corporation effective July 1, 2008, which governs the terms of his employment with the Corporation. Mr. Hayden's employment agreement provides for gross annual remuneration of no less than USD\$192,000 (and thereafter such increased amount as the board of directors approve (\$198,099 in 2010)) and such benefits as the Corporation may offer to its officers and employees from time to time. These benefits include basic life and disability insurance, health and dental coverage and a health care spending account to a maximum of USD\$5,000 per year. Mr. Hayden is also entitled to performance based and deferred compensation. Variable compensation of USD\$50,000 was awarded to Mr. Hayden in 2010 based on his achievement of individual objectives during 2009. The Corporation felt it needed to attract a senior executive to help grow the Corporation's business and in recognition of Mr. Hayden's unique and valuable relationships within the business aviation and other related communities, the Corporation has agreed to pay Mr. Hayden commissions on all contracts/orders of the Corporation related to business aviation contracts entered into during his time of employment, including recurring revenues associated with those contracts and orders. In addition Mr. Hayden will be paid an amount based on the EBITDA of the Corporation for the term of his employment, such amount increasing when the Corporation is cash flow positive and sustained for certain periods of time. Deferred compensation will be paid after the termination of Mr. Hayden's employment for any reason other than cause, for a period of time equal to the length of service under his management agreement. Mr. Hayden will receive a payment based on the Corporation's EBITDA on all contracts of the Corporation as well as another amount based on EBITDA earned by the business aviation activity in existence at the time of the termination, provided the EBITDA calculation meets a minimum threshold. Mr. Hayden is also eligible to earn an annual management variable compensation based on his achievement of specific goals related to sales targets or accomplishments of the Corporation's overall business objectives. Variable compensation of USD\$50,000 was awarded to Mr. Hayden in 2010 based on his achievement of individual objectives during 2009. No other performance based compensation was awarded to Mr. Hayden in 2010. While there is every indication that the targets set for Mr. Hayden are achievable, market and global economic conditions which are outside of Mr. Hayden's control could create significant challenges in meeting the objectives set. At the present time, the Corporation feels the targets set are achievable. Mr. Hayden is also entitled to receive such additional remuneration, by way of bonus or otherwise, as the board of directors may approve, to fairly compensate him for any exceptional performance in discharging the duties and responsibilities of his office. Mr. Hayden's employment agreement is for an indefinite term, and may be terminated by the Corporation upon a resolution of the board of directors being passed by no less than two-thirds of the board of directors of the Corporation or by Mr. Hayden on not less than 90 days' notice to the Corporation (except where it relates to a change of control or constructive dismissal). In the event that Mr. Hayden's employment is terminated with or without cause by the Corporation, then Mr. Hayden shall be entitled to certain additional payments (see "*Statement of Executive Compensation – Termination and Change of*

Control Benefits" herein). In the event of any such termination, for any reason, any unvested stock options held by Mr. Hayden would expire and terminate, and any vested options would have to be exercised within a specified period of time. Pursuant to his employment agreement, Mr. Hayden has agreed to not compete with the Corporation for a period of twelve months from the date of the termination of employment, subject to the term that if the Corporation wishes to impose any non-compete restrictions on Mr. Hayden for a period up to 12 months, then the Corporation agrees to pay Mr. Hayden an amount equal to one-twelfth of Mr. Hayden's last base salary plus one-twelfth of his last management bonus for each month that the restrictive covenant is to be in effect. The Corporation will also reimburse Mr. Hayden for annual professional dues and business-related subscriptions. Mr. French's letter of employment provides for gross annual remuneration of CDN\$150,000 (subject to periodic reviews by the Corporation). Mr. French has also been offered the ability to participate and receive benefits as the Corporation may offer to its officers and employees from time to time. These benefits include basic life and disability insurance, health and dental coverage and a health care spending account to a maximum of CDN\$5,000 per year. Mr. French is also entitled to receive such additional remuneration, by way of variable compensation or otherwise, as the board of directors may approve based on his achievement of specific goals as mandated by the Corporation. Variable compensation of \$50,000 was awarded to Mr. French in 2010 based on his achievement of individual objectives during 2009. For a summary of compensation paid to Mr. French in respect of the year ended December 31, 2010, please refer to the *Summary Compensation Table* below.

Mr. Taylor's employment agreement provides for gross annual remuneration of CDN\$105,000 (subject to periodic reviews by the Corporation). Mr. Taylor has also been offered the ability to participate and receive benefits as the Corporation may offer to its officers and employees from time to time. These benefits include basic life and disability insurance, and health and dental coverage. Mr. Taylor is also entitled to performance based compensation in the form of commissions on all contracts/orders of the Corporation directly attributable to Mr. Taylor. Mr. Taylor's performance based compensation was approximately 34.2% of Mr. Taylor's total compensation for 2010. While there is every indication that the targets set for

Mr. Taylor are achievable, market and global economic conditions which are outside of Mr. Taylor's control could create significant challenges in meeting the objectives set. At the present time, the Corporation feels the targets set are achievable. Commission based compensation of \$54,518 was awarded to Mr. Taylor in 2010 based on his sales related activities and the Company's commission policy during 2010. Mr. Taylor is also entitled to receive such additional remuneration, by way of bonus or otherwise, as the board of directors may approve based on his achievement of specific goals as mandated by the Corporation. Incentive Plan Awards

Outstanding Option-Based Awards

The Corporation's Stock Option Plan was previously approved by the shareholders of the Corporation on May 20, 2010. The Stock Option Plan has been established to provide incentives to qualified parties to increase their proprietary interest in the Corporation and thereby encourage their continuing association with the Corporation. The Stock Option Plan is administered by the board of directors of the Corporation and provides that options may be granted to directors, officers, key employees or consultants of the

Corporation or any subsidiary of the Corporation. The material terms of the Stock Option Plan are described below.

All options granted under the Stock Option Plan have an exercise price that is not less than the market price on the date of grant, are non-transferable and are exercisable for a period not to exceed five years. The aggregate number of Common Shares subject to options granted under the Stock Option Plan, from time to time, cannot exceed 10% of the aggregate number of Common Shares outstanding at any given time and no one optionee is permitted to hold a number of stock options that would entitle such optionee to purchase more than 5% of the aggregate number of Common Shares outstanding at the time of grant. Vesting restrictions on all options are determined at the discretion of the directors. Options granted under the Stock Option Plan will cease to vest upon the option holder ceasing to be employed by or to provide consulting services to the Corporation, and any vested options terminate upon the date that is 90 days from the termination of an optionee's employment with, or consulting to, the Corporation, or from the date such optionee ceased to be a director of the Corporation, unless exercised prior to such date. If the optionee has died, options granted to such optionee under the Stock Option Plan cease to vest as of the date of death and (to the extent vested as of the date of death) must be exercised by the deceased's personal legal representative(s) within one year of the date of death.

No share-based (as opposed to option-based) awards have been granted to the Corporation's Named Executive Officers. Details of options awarded to Named Executive Officers are set forth in the following table:

4. ADMINISTRATION OF THE PLAN

4.1 General Powers and Authorities

The Plan shall be administered by the board of directors of the Corporation (the "Board") which shall have full and final authority and discretion, subject to the express provisions of the Plan, to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan and to make all other determinations deemed necessary or advisable for the administration of the Plan and the grant of Options. When used herein, "Board" shall be deemed to include the Compensation Committee acting on behalf of the Board.

4.2 Specific Powers and Authorities

Without limiting the generality of the foregoing, the Board shall have the power and authority where consistent with the purpose and intent of the Plan and subject to the terms thereof:

- (a) to establish policies and adopt rules and regulations for the purpose of giving effect to and administering the Plan;

- (f) to determine the time or times when Options will be granted and will be exercisable;
- (g) to determine if the Common Shares under an Option will be subject to any hold periods, legends or restrictions when issued on exercise of an Option;
- (h) to prescribe the form and terms of the instruments pertaining to the grant, exercise and other terms of the Options.

5. PLAN REQUIREMENTS

5.1 General Plan Requirements

Options will be distributed on an equitable basis, having regard to:

- (a) the number of Optionees;
- (b) the frequency of Optionee turnover;
- (c) the size of allocation to new Optionees; and
- (d) the duties and qualifications of the Optionee in relation to the Optionee's position with the Corporation.

The Plan will not be used primarily as a means of financing by the Corporation, without disclosure requirements and hold periods that would generally apply to a financing.

5.2 Grants To Individuals

The aggregate number of Common Shares that may be reserved for issuance pursuant to the Plan for Options granted to an individual Optionee will not exceed 5% of the issued Common Shares, determined at the date the Option is granted to an individual in a 12 month period, unless the Corporation becomes a Tier 1 Issuer and has obtained the requisite disinterested shareholder approval required by Exchange Policy 4.4.

5.3 Grants To Consultants

The aggregate number of Common Shares that may be reserved for issuance pursuant to the Plan for Options granted to any one Consultant Optionee in any 12 month period will not exceed 2% of the issued Common Shares, calculated at the date the Option is granted to the Consultant Optionee.

5.4 Grants to Optionees Performing Investor Relations Activities

The aggregate number of Common Shares under Option granted in any 12 month period to Persons employed to provide Investor Relations Activities will not exceed 2% of the issued Common Shares, calculated as of the date the Option was granted. This 2% Option will be included in the calculation of the 10% maximum reservation of Common Shares pursuant to the Plan.

When the Corporation is a Tier 1 Issuer, Options granted to Consultants performing Investor Relations Activities must vest in stages over 12 months with no more than ¼ of the Options vesting in any 3 month period.

The Board will establish appropriate procedures to monitor the trading in the securities of the Corporation by all Optionees performing Investor Relations Activities, including the establishment of a designated brokerage account through which the Optionee conducts all trades of the securities of the Corporation and/or a requirement that all such Optionees file copies of their insider trading reports with the Board.

Before granting an Option to a Consultant for performing Investor Relations Activities, the Corporation must determine that a statutory exemption is available for the issuance of securities to the Consultant performing such Investor Relations Activities for the Corporation or alternatively the Corporation must obtain a discretionary exemption from the appropriate Securities Commission.

5.5 Optionees

In order to be eligible for a grant of an Option, an Optionee must either be a Director, Employee or Consultant of the Corporation or one of its subsidiaries at the date the Option is granted and the Option must be granted subject to applicable Securities Laws.

Except in relation to Consultant Companies, Options may be granted only to an individual or to a Company that is wholly owned by individuals eligible for an Option grant. If the Optionee is a Company, including a Consultant Company, the Optionee must provide the Exchange with a completed Form 4F – *Certification and Undertaking Required from a Company Granted an Incentive Stock Option*. A Company to be granted the Option must agree not to effect or permit any transfer of ownership or option of shares of the Company or issuance of additional shares of any class of shares of the Company to any individual or entity as long as the Option remains outstanding, except with the written consent of the Exchange.

The Corporation must ensure that the applicable Securities Laws are satisfied for each Option granted under the Plan.

5.6 Minimum Exercise Price

The minimum exercise price of an Option must not be less than the Discounted Market Price. If pursuant to section 2.12 of Exchange Policy 4.4, the Corporation does not issue a news release to fix the price, the Discounted Market Price will be the last closing price of the Common Shares before the date of the grant of Option, less the applicable discount.

A minimum exercise price cannot be established unless the Options are allocated to particular Persons.

If Options are granted within 90 days of a Distribution by a Prospectus, the minimum exercise price of such Options will be the greater of the Discounted Market Price and the per share price paid by the public investors for the Common Shares acquired under the Distribution. The 90 day period will begin:

- (a) on the date a final receipt is issued by the Exchange for the Prospectus; or
- (b) in the case of a Prospectus that qualifies special warrants on the closing date of the special warrant Private Placement.

The exercise price of the Options must be paid in cash.

5.7 Hold Period

In addition to any Resale Restrictions under Securities Laws, where Options are granted by the Corporation as a Tier 2 Issuer, or where the exercise price of an Option is based on the Discounted Market Price, all such Options and the Common Shares issued on the exercise of the Options must be legended with a 4 month Exchange hold period commencing on the date the Options were granted. The legend must be worded in accordance with Exchange Policy requirements.

As a Tier 1 Issuer the Corporation may grant Options without an Exchange hold period, provided the exercise price of the Option is based on the Market Price rather than the Discounted Market Price of the Common Shares.

6. NUMBER OF SHARES UNDER THE PLAN

Options may be granted by resolution of the Board to Directors, Employees and/or Consultants pursuant to the Plan provided that on the date of any such grant the aggregate number of Common Shares reserved and set aside for issuance under Options granted to Optionees pursuant to the Plan and under other stock options ("Other Stock Options") granted to Directors, Employees and/or Consultants and assumed by the Corporation as a result of the Amalgamation shall not exceed ten per cent (10%) of the issued and outstanding Common Shares. Fractional Common Shares shall not be reserved, set aside, purchased or

- (b) The period or periods during which Options may be exercisable shall be fixed by resolution of the Board, provided that no such period or periods shall be exercisable more than 5 years from the date of grant when the Corporation is a Tier 2 Issuer and 10 years when the Corporation is a Tier 1 Issuer.

In any such event, the maximum number of shares available under the Plan may be appropriately adjusted by the Board. If as a result of a proposed merger, amalgamation or other corporate arrangement or reorganization, the conversion or replacement of Common Shares for shares of another corporation is imminent; the Board may determine, in a fair and equitable manner how all unexercised Options should be treated including without limitation, an acceleration of the time for the exercise of such Options by the Optionee and of the time for the fulfillment of any terms, conditions or restrictions required for the exercise of such Options. All determinations of the Board under this paragraph shall be made in accordance with the Policies of the Exchange and the applicable Securities Laws and shall be made in the sole discretion of the Board. The Corporation may satisfy any obligation to the Optionee hereunder by paying to the Optionee in cash the difference between the Exercise Price of any unexercised portion of the Option and the fair market value of the securities to which the Optionee would be entitled upon exercise of such portion, regardless of whether all conditions of exercise have been satisfied. Any Option adjustments under this paragraph or any determinations as to the fair market value of any securities shall be made by the Board and all such determinations shall be binding and conclusive.
